

SELLAFIRTH UP-HELLY-A' BILL, 1957

The Guizer Jarl hereby declares that Guizers will report to the crossroads to receive torches at times instructed. Start at 7 p.m. Route as intimated.

Certain **PANTHERS** caught devouring any more **LAMBS** on Yell public highways will be severely reprimanded and reported to a **SUB-POSTMASTER**.

Motorists must be careful to take all **CORNERS** (not to the **FIELDS**) otherwise they will be reported to **THOMPSONS** garage.

Stray **RAMs** found on our **PASTUREs** will be dipped in **BLUEMULL SOUND** and severely dusted with **JOHNSTON's** baby powder.

Guizers in our midst getting their **CLOTHES** destroyed by **TAR** need not expect any **MOAR** dirty money.

Johnnie Walker is old but clever on his feet,
But poor Mr Haggis by him got beat,
He missed his step and lay too low,
And by doing this he received a blow,
I'm O.K. he said with a grin,
I'll get my pal Robbie and we'll do him in.

Weather forecast north gales force **FOUR** all shipping lie low. Further outlook poor. Bright periods and high tides expected later. Local news of interest to **PASSENGERS**.

Latest means of completing travel to this isle is by horse **BOX** and **CRANE**.

When winter comes to Gutcher some folk will no feel could cuddled up in a **LARGE** flannelette nightie and a hot drink of blaund.

Xmas time in the **HILLS** brings sleep to the few. The Guizers called with more than brew but all that they heard was the **SNORES** of the **FEW**.

Strange fish seen **SOMERSAULTING** in Bastavoe. Anglers advised to use a **FOUR-WHEEL DRIVE** reel.

Now this is just the guizer's fun, and by it ill is meant to none. If we do anything that's queer, you can put us in the bill another year.

Any defacers of this bill will be infected with both types of measles and turned loose along the route to keep the ball rolling.

By order and under the seal of the Guizer Jarl.

P. J. Spence
